

The Lost Coin Women's Fund, Inc.

73 Brentwood Drive, North Easton, MA 02356-2207

The Lost Coin Women Fund, Inc., a registered, charitable, nonprofit organization, was founded in 1992 to help Massachusetts women in serious situations become self reliant and empowered.

The name of the fund recalls symbolically, the "Lost Coin" in Luke 15:8, as the treasure within women who are oppressed, victimized and/or exploited and who have very little ways or means to express these treasures.

The purpose of this organization is to raise funds to support academic opportunities for women ranging from literacy programs to undergraduate studies.

We believe that by channeling money to help women in need, opportunities can be provided for women to develop the treasure within them.
