Dear Friend,

It is Springtime. Seeds are sprouting that will blossom or bear fruit in a few weeks. The seed money we can provide to women trying to acquire more education or training for a career will blossom and bear fruit in their futures.

To invest in a life is a good investment. In our current economy, investments are not recommended. But in a person's future an investment is guaranteed to bear fruit. Your donation to The Lost Coin Women's Fund, Inc will help us assist as many women as possible to flourish, thus becoming more self-reliant and self empowered! What a gift you can provide!

Want to see a miracle? When you are planting your seeds, remember you are planting a word of love deep in a woman's life. Mature it with a smile and a prayer, and watch what happens. Sowing seeds of encouragement or confidence in a woman is like sowing beans. You don't know why it works, you just know it does. Seeds are planted and top soils of hurt are shoved away. Don't forget the principle. Never underestimate the power of a seed.

Friends are like flowers in the garden of life. Thank you, friend, for your continued support of this worthwhile organization. Sincerely,

The Board Members
